

Format for Intermediate Inter-Club

There are 22 teams entered.

The format is a full round robin. 21 Matches.

The first 6 months there will be 2 matches of 14 boards each month.

The last 3 months there will be 3 matches of 9 boards each month.

Swapping opponents at half time does not work with an odd number of boards so this year the matches will be played straight through so that you only play one pair in the opposing team.

Matches will be scored with the correct VP scale for 9 or 14 boards and each match will be given equal weighting for the scoring regardless of the number of boards.

Any ties at the end of the event will not be broken.
