

## **Open Format for 6 teams in 2025**

March to July will complete a full round Robin

August to November is 4 matches. They will be almost a full round robin, because you will only miss one of the other teams.

Which team you do not play in the second phase will be decided by the standings at the end of the first round robin.

First will not play sixth

Second will not play fifth

Third will not play Fourth

In other words..... the higher your placing at the end of the first round robin, the lower the placing of the team you do not play in the second stage

## **Intermediate & Junior Formats for 14 teams in 2025**

With 2 matches per session March to August will be one game short of a full round robin. At that stage the 6 teams who are in the final will be decided, and the other 8 teams are in the plate. To differentiate the two fields the top 6 teams will be given 100 extra Victory Points

There will be 6 matches remaining in September to November

The first of those matches will be the last team that has not been played in the initial round robin.

In the final the remaining 5 matches will be a round robin against the other finalists

In the plate the remaining 5 matches will be against other teams in the plate

## **Intermediate**

The Usual Suspects

Burning Bridgers

Mt Albert Almond

Mt Albert Coleman

Youth and Friends

Waitemata

Warkworth Mata

Warkworth Mahu
